To whom it may concern

Herdís María Sigurðardóttir was an intern at LS Retail working on her final University project for three months. The project was to build an App for Fuel retail companies, allowing their users to find petrol stations and pay for fuel. Herdis was one of three students working on the project.

The team was highly self-motivated and showed that they were well capable of achieving any goal that they set their minds to. Herdis was a valuable member of the team and showed good teamwork as well as results on her individual tasks.

My overall assessment of Herdis is that she is a skillful professional and would be an asset to any company that hires her.

Sincerely,
